Hill Country Youth Exhibit Center

Saturday, July 24, 1999
1:00 p.m.

WELCOME TO THE TWELFTH HABY-LOCKHART-ROSS-SPECK ANGORA GOAT PRODUCTION SALE

Conducted By Auctioneer Mark Tillman

This year we would like to dedicate our catalog to our friends, fellow breeders, industry supporters and leaders, **James Wittenburg** and his wife **Ruth**. James served on the steering committees of both the Angora and Rambouillet performance tests and he was President of both the Texas and American Angora Goat Breeders Associations and the Texas Sheep & Goat Raisers. He would give his opinion, but James was always fair and a team player, getting people to work together.

Several years ago during another period of low prices and dry weather, the San Angelo Standard Times wrote an article about the Wittenburgs. He was quoted, "Now is not the time to give up on our industry and family traditions."

James and Ruth, we need more people like you. We thank you for all of your inspiration and guidance.

Even though we four breeders have similar standards and breeding programs, the animals have been raised in different environments, management and kidding dates. Please make note of these differences and make visual comparisons of individual animals from within that specific herd.

BREEDER'S GUARANTEE - Should any goat be proven to be a non-breeder its first breeding season, please notify the particular breeder. Common sense and fairness by both the seller and buyer should prevail. If the animal has not been neglected, fed excessively, exposed to a disease after the sale, loaned out or sold to another party, etc., the animal may be returned for replacement after agreement by the seller. **No guarantee can be made as to how the goat will cross with your goats.** The goats should be allowed adequate time to adapt to their new location after transportation.

TERMS are cash or check. Should any dispute arise from the taking of bids, the auctioneer's decision will be final.

HEALTH CERTIFICATES - Any potential buyer should check in advance with his state's veterinary health requirements and be prepared to make necessary arrangements.

COMMENTS from Joe David Ross :

South African Genetics- Bottom line we think that they have definitely helped us to improve our mohair and kids as we select (check list) for economical traits- Livability with reasonable care.

Lice Control- This year we have had good results with Revap E.C. - 1/2 to 1 gallon per 100 gal. of water and some washing detergent, but one of the main reasons is because I sprayed the goats myself and repeated the application in 14-17 days. Three groups that were sprayed only once have become reinfested.

Best results have been obtained for us with the first application done 4-7 weeks after shearing. It is expensive and depending upon the amount of mohair and your sprayer, it will take 3/8 to 3/4 gallons per goat. Efforts were made to concentrate on the neck, and belly not just the head and sides - using just enough pressure to get the skin wet without excessive drip off. Slaughter withdrawal is 30 days.

REFERENCE SIRES

A.B. HOBSON & SONS MARTYRSFORD STUD

76- This buck was sired by K131, the twin to the Martyrsford buck that sold for 110,000 Rand, a world record price. He combines the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

422 - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck is well balanced but not flashy. However, he is a "blue blood" stud, he consistently produces quality kids, both straight South African and "cross".

04- In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation is near perfect. His offspring have fine fleeces.

80 - This buck was also selected by Hobson, Speck, and Haby for the second importation. His sire was a Thorn Park buck purchased at the dispersal sale by A.B. Hobson and Brett Wienand. Haby really likes this big, tall long bodied buck.

JOHN HOBSON THORN PARK ANGORAS

K590 - This buck is still a legend in South Africa. He had great impact on the South African herd and is credited with improving the fineness of their clip. We purchased a number of his offspring at the Thorn Park dispersal sale and were successful in landing four daughters, two granddaughters, and one son in Texas.

205 - Purchased at the Thorn Park Dispersal Sale, this buck was rated highly by John Hobson. He is a big buck with a fine, uniform fleece, showing beautiful style and character. His kids produce heavy, high yielding, fine, uniform fleeces.

HABY, LOCKHART, ROSS, SPECK

HLRS 12 - This is a straight Thorn Park bred buck, born in Poland. His sire 622 was a top producer for John Hobson and was purchased by HLRS at the dispersal sale. The USDA testing protocol was very strict and unfortunately kept 622 and several does from leaving South Africa. This buck's dam is still in Poland. She produced three kids for us, 11, 12, and 28. All are in our stud pen. By South African standards, this buck is classed as a solid fleeced goat.

HLRS 25 - This is a straight Thorn Park bred buck out of 205. He was used by Joe David Ross and produced several excellent crosses.

HLRS -28 - This is also a Poland born buck. He is bred straight Thorn Park. His sire is 205 and his dam is a true stud doe. This buck combines an excellent body conformation with a fine uniform fleece with style and character. We are pleased with his offspring.

HLRS 29 - This son of 76 has a tremendous body capacity and a soft, uniform fleece. He was displayed at the 1996 HLRS sale as one of our top stud prospects born in 1995.

HLRS 60 - Out of 80 and a "Lockdale" doe imported from South Africa, this buck combines a long stapled fleece with a very correct body conformation. The yearling does on Laura Speck's 1999 Show Circuit were both out of this buck. His two sons at the Sonora Test had the longest staple length in 1999.

HLRS 89 - This buck has the finest, most uniform fleece of our South African bucks and has already produced a number of outstanding kids. His sire is 04 and his dam is a Martysford doe.

HLRS 106- Combining a uniform, ringlet fleece with a wide correct body, this buck is also open faced. His sire is 76 and his dam is an imported South African Lockdale doe.

Lockhart Ranch Sires:

FLS5-1110- This Speck bred buck is a son of FLS2-404. He has a very correct body and excellent breed character. He consistently breeds kids with mohair tails and fine uniform fleeces.

FLS6-1451- Another son of FLS2-404, this buck has a very fine uniform ringlet fleece and a mohair tail.

Ross Ranch Sires:

JBR 9620- 1/2 TX - He was selected by Mac Gilliat and Fred Speck as one of out top 2 1996 studs. His sire is the 118 Wienand who carried a very fine, uniform fleece and held up well in our pastures. 9620's open face dam was a large thrifty doe who raised kids 7 years in a row.

JBR 9637- 1/2 TX - is the finest haired stud on our ranch. His sire was Hobson's 422. The dam is JBR 9119 who was sired by a high indexing Kuebel buck. We have 4 other offspring retained in our herd.

S 144- We purchased this billy from Betty Stewart family at the 1997 Rocksprings sale because of his size and soft heavy shearing fleece with a moderate amount of lanolin. He was the popular 3rd place buck.

Speck Ranch Sires:

H-584 "Superfine" - This legendary Haby stud, along with H-787 "Son of Champ", has provided the foundation of our herd. Both bloodlines have produced champions for Speck Angoras at all major shows in 1990 through 1999.

FLS2-404 - This buck breeds true and has produced super kids. He has excellent conformation with a wide spring of ribs, wide hindquarters, straight back legs, and strong typical horns. He carries a fine, ringlet yearling grade fleece and is uniform from neck to breech. His sire is 4P-210, grand sire is FLS8-43, and great-grand sire is H-787.

FLS1-249 - This is one of the finest fleeced, most uniform bucks we have. His sire is FLS9-68 and his dam, FLS9-76, is a daughter of "Superfine". In 1994 he was the first place Aged Buck at the Kerrville, San Antonio, and Houston Jr. Stock Shows.

FLS4-607 - This son of 404 was Mike Hobson's top choice of our stud prospects in 1995. He has a fine uniform ringlet fleece and breeds true. Several of his doe kids were on our show string. Mike was impressed with his wide body conformation.

FLS5-866 - This upstanding buck has a mohair tail and a very uniform fleece. He is a grandson of HABY 584 on sire side and a grandson of FLS8-43 on the dam's side.

FLS6-1295 - A big robust buck with a very fine, uniform ringlet fleece, he is the son of FLS4-613. 613 was lost after only one breeding season. He was an excellent stud out of 404.

FLS6-1334 - Out of 607 and grandson of 404, this buck has the distinct fine ringlet lock style that "43" had. He is an upstanding proud vigorous buck that has done well on the show circuit. His fleece placed as Grand Champion fleece in the 1998 Sonora Wool & Mohair Show.

FLS6-1337 - Another son of 607 out of a Haby doe, this is a large upstanding thick bodied buck with an excellent fleece.

FLS6-1382 - When Hayden Haby & Jesse Lockhart saw this buck as a yearling, they called him the "perfect buck". He has correct horns, thick body, and a fine ringlet long stapled fleece with kid hair. He is a son of 404 and has already produced many excellent kids. He sired the buck kid that Laura Speck won champion buck with at four major shows in 1999.

FLS6-1390 - Out of South African 76, this 1/2 TX buck combines size with a fine dense fleece. His dam, FLS4-646 is a stud doe that won champion doe at major shows as a kid, yearling, and aged doe.

HABY-LOCKHART-ROSS-SPECK DOE CONSIGNMENTS

LOT #	GOAT ID	SEX	SIRE	DAM	SELLER	BREED	SALE PRICE
-------	---------	-----	------	-----	--------	-------	------------

1	BL 2033	D	FLS 1451	BL 1248	Lockhart	TX	
---	---------	---	----------	---------	----------	----	--

This is the top doe we have to offer. She is a grand daughter of BL 725 who was an excellent multiple birth producer for Diana and Garrett's show string. She has a wide, deep body, ringlet fleece with good density and staple with adequate oil and nice luster. She should hold her fleece well. Note the well covered mohair tail.

2	JBR 9846	D	HLRS 28	JBR 9470	Ross	1/2 TX	
---	----------	---	---------	----------	------	--------	--

This big fine doe is well covered with a soft fleece. Her dam was sired by GLS 3722 - Gilbert & Laura Schmidt.

3	FLS8-1904	D	FLS6-1382	FLS4-797	Speck	TX	
---	-----------	---	-----------	----------	-------	----	--

Her sire 1382, has produced an impressive first set of offspring. The dam is out of 210. This is a true stud prospect. She is large with excellent body conformation and breed character. She has a soft, ringlet, fleece, uniform from neck to britch. She should do well on the show circuit.

4	DL 2056	D	FLS 1451	DL 1311	Lockhart	TX	
---	---------	---	----------	---------	----------	----	--

A large stout long bodied doe with good width and depth. A grand daughter of Sire Kuebel 814k, she is well covered with a fine, soft uniform fleece. She should make someone a good producer.

5	JBR 9843	D	HLRS 60	JBR 9473	Ross	1/2TX	
---	----------	---	---------	----------	------	-------	--

You can see why we are pleased with the results of her brothers (sired by 60) at the performance test- an unusual combination of fineness, density, extra staple length, style and a straight mohair tail. Her mother is by the Renfro high indexing buck that Robert Stewart purchased and provided great results at the test station.

6	FLS8-1926	D	422	FLS4-752	Speck	1/2 TX	
---	-----------	---	-----	----------	-------	--------	--

This large doe has thick spring of rib with excellent body conformation. She has a dense fine fleece. The dam is a grand daughter of "Superfine" and has a beautiful ringlet fleece.

7	BL 2058	D	FLS 1451	BL 836	Lockhart	TX	
---	---------	---	----------	--------	----------	----	--

A soft haired nice handling fleeced doe which is uniform and adequately covered. Her dam is Kuebel sired.

8	JBR 9847	D	HLRS 29	JBR 9305	Ross	1/2TX	
---	----------	---	---------	----------	------	-------	--

A big fancy doe with a dense fleece and a straight mohair tail. Her mother was sired by 1104 (Haby-Kuebel breeding) who sired the 1994 highest indexing buck that Mr. Evans purchased.

9	FLS8-2027	D	FLS6-1334	FLS5-1077	Speck	TX	
---	-----------	---	-----------	-----------	-------	----	--

This large doe has a dense soft fine fleece.

10	BL 2030	D	FLS 1110	BL 1366	Lockhart	TX	
----	---------	---	----------	---------	----------	----	--

A ringlet, uniformly fleeced doe with a good soft fleece with adequate staple. Her blood line goes back to BL 277 (Bill), one of our finest stud bucks.

26	HLRS-493	B	HLRS-89	81	HLRS	S.A.	
----	----------	---	---------	----	------	------	--

This pure South African buck has an upstanding long body and a masculine horn. The fleece shows beautiful style and character from front to rear. He is out of our finest fleeced South African stud buck. HLRS-89 was the sire of Laura Speck's doe kid that won Champion doe at Kerrville and San Antonio in 1999. We consider this buck to be a stud prospect.

27	FLS8-1873	B	FLS8-1382	FLS3-428	Speck	TX	
----	-----------	---	-----------	----------	-------	----	--

We are selling 1/2 interest in this buck to a breeder that lives within 250 mile radius of Kerrville. This upstanding buck was on Laura's Show string and was sheared late. He has excellent breed character and a very dense, fine, soft fleece. We consider him a stud prospect.

28	JBR 9887	B	HLRS 60	JBR 701	Ross	1/2 TX	
----	----------	---	---------	---------	------	--------	--

This big fancy show-type buck has extra lanolin with the pedigree to go with it. The dam, a show doe is grand-daughter of a Pember buck used by both Haby and Kuebel. Her well-covered son sold to the Sites in 1997.

29	DL 2007	B	FLS 1110	BL 958	Lockhart	TX	
----	---------	---	----------	--------	----------	----	--

A very dense, ringlet fleeced buck with lots of luster. We would like better breed character about the horns. He has a good open face and large testicles. His dam is ten years old, a proven twin producer, and is our last daughter of BL 277 (Bill).

30	FLS8-1940	B	FLS8-1382	FLS3-393	Speck	TX	
----	-----------	---	-----------	----------	-------	----	--

Mac Gilliat, Hayden Haby, Joe David Ross, and Jesse Lockhart all considered this buck to be a stud prospect. He has a dense, soft fleece, uniform from neck to britch. He is an upstanding alert buck with excellent breed character.

-------	---------	-----	------	-----	--------	-------	------------

51	JBR 9829	B	HLRS 28	JBR 9469	Ross	1/2 TX	
----	----------	---	---------	----------	------	--------	--

This buck shows the density, fineness and correct horns that we get from his sire. His dam is sired by 8734 JBR who also had a top body score.

52	FLS8-2023	B	FLS6-1293	FLS6-1331	Speck	3/4TX	
----	-----------	---	-----------	-----------	-------	-------	--

This alert well proportioned buck has a long stapled dense fleece and a mohair tail. His sire FLS6-1293, is the densest, finest fleeced sire we have. 1293 is a grandson of a Schmidt buck and out of 404's sister. The dam is out of South African buck HLRS 12.

53	JBR 018	B	HLRS 60	JBR 9558	Ross	1/2 TX	
----	---------	---	---------	----------	------	--------	--

His dam is sired by a large Kelly Schmidt buck whose dam was also a good milker.

54	FLS8-1832	B	04	FLS3-447	Speck	1/2 TX	
----	-----------	---	----	----------	-------	--------	--

We like the length of body, thickness of rib, open face on this big upstanding buck. His fleece shows good density and softness.

55	JBR 9819	B	HLRS 29	JBR 9253	Ross	1/2 TX	
----	----------	---	---------	----------	------	--------	--

Shorn 3/10/99. A fine uniform buck whose parents are large with high body scores. The fine haired dam is by a Lockhart sire.
