HABY-LOCKHART-ROSS-SPECK
ANGORA GOAT
PRODUCTION SALE**

• • • • • KERRVILLE, TEXAS • • • • •

Hill Country Youth Exhibit Center

**SATURDAY
July 22, 2000**

1:00 P.M.

WELCOME TO THE THIRTEENTH JOINT HABY-LOCKHART-ROSS-SPECK ANGORA GOAT PRODUCTION SALE

Conducted By Auctioneer Mark Tillman

This years catalog is dedicated to the Bob Davis family; pioneers in the Angora Goat Industry.

Even though we four breeders have similar standards and breeding programs, the animals have been raised in different environments, management and kidding dates. Please make note of these differences and make visual comparisons of individual animals from within that specific herd.

BREEDER'S GUARANTEE - Should any goat be proven to be a non-breeder its first breeding season, please notify the particular breeder. Common sense and fairness by both the seller and buyer should prevail. If the animal has not been neglected, fed excessively, exposed to a disease after the sale, loaned out or sold to another party, etc., the animal may be returned for replacement after agreement by the seller. **No guarantee can be made as to how the goat will cross with your goats.** The goats should be allowed adequate time to adapt to their new location after transportation.

TERMS are cash or check. Should any dispute arise from the taking of bids, the auctioneer's decision will be final.

HEALTH CERTIFICATES - Any potential buyer should check in advance with his state's veterinary health requirements and be prepared to make necessary arrangements.

REFERENCE SIRES

A.B. HOBSON & SONS MARTYRSFORD STUD

76- This buck was sired by K131, the twin to the Martyrsford buck that sold for 110,000 Rand, a world record price. He combines the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

422 - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck is well balanced but not flashy. However, he is a "blue blood" stud, he consistently produces quality kids, both straight South African and "cross".

04- In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation is near perfect. His offspring have fine fleeces.

80 - This buck was also selected by Hobson, Speck, and Haby for the second importation. His sire was a Thorn Park buck purchased at the dispersal sale by A.B. Hobson and Brett Wienand. Haby really likes this big, tall long bodied buck.

JOHN HOBSON - THORN PARK ANGORAS

K590 - This buck is still a legend in South Africa. He had great impact on the South African herd and is credited with improving the fineness of their clip. We purchased a number of his offspring at the Thorn Park dispersal sale and were successful in landing four daughters, two granddaughters, and one son in Texas.

205 - Purchased at the Thorn Park Dispersal Sale, this buck was rated highly by John Hobson. He is a big buck with a fine, uniform fleece, showing beautiful style and character. His kids produce heavy, high yielding, fine, uniform fleeces.

HABY, LOCKHART, ROSS, SPECK

HLRS 25 - This is a straight Thorn Park bred buck out of 205. He was used by Joe David Ross and produced several excellent crosses.

HLRS -28 - This buck is bred straight Thorn Park. His sire is 205 and his dam is a true stud doe. This buck combines an excellent body conformation with a fine uniform fleece with style and character. We are pleased with his offspring.

HLRS 29- This son of 76 has a tremendous body capacity and a soft , uniform fleece. He was displayed at the 1996 HLRS sale as one of our top stud prospects born in 1995.

HLRS 60- Out of 80 and a "Lockdale" doe imported from South Africa, this buck combines a long stapled fleece with a very correct body conformation. The yearling does on Laura Speck's 1999 Show Circuit were both out of this buck. His two sons at the Sonora Test had the longest staple length in 1999.

HLRS 89- This buck has the finest, most uniform fleece of our South African bucks and has already produced a number of outstanding kids. His sire is 04 and his dam is a Martyrsford doe.

HLRS 106- Combining a uniform, ringlet fleece with a wide correct body, this buck is also open faced. His sire is 76 and his dam is an imported South African Lockdale doe.

Haby Ranch Sires:

FLS 187 - 187 is a son of Fritz Kuebel 814, one of the finest most uniform bucks ever tested. He has held his fleece and survived some hard years.

FLS 762 - He is a long bodied upstanding buck with a fine uniform fleece. We are pleased with his first set of yearlings. His sire is FLS1-249.

FLS 1497 - This is an extremely fine fleeced son of FLS 404. He is a big vigorous buck with correct conformation.

H 3938 - This is the buck that we sold half-interest to Ben Lockhart, who raised a stud prospect by him.

Lockhart Ranch Sires:

BL 1973 - An extremely uniform, very fine buck with a pencil ringlet fleece with great style and character. This sire had good staple length and was well covered. A correct body structure, strong and robust. Unfortunately this up and coming stud buck died of a ruptured diaphragm from fighting with other bucks.

BL 1795 - This stud buck is a big, robust goat with a deep girth and long body. His fleece is very uniform, dense with a good staple length. This buck looks just like his sire, HABY 3938, just a little bigger. This Haby line is crossing well with our does.

FLS6-1451- Another son of FLS2-404, this buck has a very fine uniform ringlet fleece and a mohair tail.

Ross Ranch Sires:

JBR 8734 - This buck is straight bred Ross breeding for at least two generations. He has good size, stands well on all four feet, has correct horns and has a fancy, uniform fleece. We would like for him to have more oil in his fleece. We think you will like his offspring.

K 957 - He is a Kuebel buck that indexed in the top 10 at the 1989 Performance test. His sire is K 814, one of the finest haired bucks in the state. K814 was sired by Early 2 of GLS breeding. We purchased K 957 because he was uniform with a curl, has good horns and is free of kemp.

K 1104- We purchased this Kuebel buck at the 1991 performance test because of his near perfect horns, wide chest, uniformity of fineness, freedom of kemp, and his pedigree. His sire was the famous Haby 584 "Superfine". He may well be the finest haired buck in Texas. He was the sire of the #1 indexing buck that Mr. Evens purchased from us at the 1994 performance test.

BS 144- We purchased this billy from Betty Stewart family at the 1997 Rocksprings sale because of his size and soft heavy shearing fleece with a moderate amount of lanolin. He was the popular 3rd place buck.

FLS 1516 - We purchased this son of FLS607 in 1998 because Mike Hobson favored 607- a son of the great sire 404. We are keeping a son this year that has done well at the performance test. He is also the sire of our lead-off buck 9901.

JBR 9759 - 1/2 TX - is a full brother to our buck JBR 9637 who died this past year.(over-eating in the shearing pen) He was the finest haired buck on the ranch. They both were sired by Hobson's 422 who has produced some of our finest haired South African goats in addition to have a great body and stylish mohair. We like JBR 9759 even better with his thriftiness, open face, straight mohair tail, uniformity and correct body, legs, horn structure with a great spring of ribs. We will breed him more extensively this year. He is out of JBR 9119 of Ross Kuebel breeding who is the grand dam of what we think are our 2 top bucks in the sale this year. She was the finest haired doe on the ranch. Robert Stewart's bucks at this years performance test are also grandsons of #433. They have scored and gained very well.

JBR 9520 - A performance tested buck sired by Kuebel 1104. He is a specific-need lighter shearing buck but we kept him because he is so thrifty, open face, and fine haired. It is a pleasure to grade the hair of his offspring. Note his off-spring in the sale.

JBR 9620- 1/2 TX - He was selected by Mac Gilliat and Fred Speck as one of out top 2 1996 studs. His sire is the 118 Wienand who carried a very fine, uniform fleece and held up well in our pastures. 9620's open face dam was a large thrifty doe who raised kids 7 years in a row.

Speck Ranch Sires:

H-584 "Superfine" - This legendary Haby stud, along with H-787 "Son of Champ", has provided the foundation of our herd. Both bloodlines have produced champions for Speck Angoras at all major shows in 1990 through 1999.

FLS2-404 - This buck breeds true and has produced super kids. He has excellent conformation with a wide spring of ribs, wide hindquarters, straight back legs, and strong typical horns. He carries a fine, ringlet yearling grade fleece and is uniform from neck to breech. His sire is 4P-210, grand sire is FLS8-43, and great-grand sire is H-787.

FLS1-249 - This is one of the finest fleeced, most uniform bucks we have. His sire is FLS9-68 and his dam, FLS9-76, is a daughter of "Superfine". In 1994 he was the first place Aged Buck at the Kerrville, San Antonio, and Houston Jr. Stock Shows.

FLS4-607 - This son of 404 was Mike Hobson's top choice of our stud prospects in 1995. He has a fine uniform ringlet fleece and breeds true. Several of his doe kids were on our show string. Mike was impressed with his wide body conformation.

FLS4-744 - This buck's sire was a Schmidt buck 3344. His dam was a very fine fleeced daughter of Haby 787. He is an alert, upstanding, uniform fine fleeced buck.

FLS5-866 - This upstanding buck has a mohair tail and a very uniform fleece. He is a grandson of HABY 584 on sire side and a grandson of FLS8-43 on the dam's side.

FLS5- 1110 - This is a well balanced, alert showy medium sized buck out of 404. His dam is a long stapled showy Pember doe.

FLS6- 1293 - This extremely fine fleeced buck is sired by FLS4-744 and his dam FLS2-403, is 404's sister.

FLS6-1295- A big robust buck with a very fine, uniform ringlet fleece, he is the son of FLS4-613. 613 was lost after only one breeding season. He was an excellent stud out of 404.

FLS6-1334- Out of 607 and grandson of 404, this buck has the distinct fine ringlet lock style that "43" had. He is an upstanding proud vigorous buck that has done well on the show circuit. His fleece placed as Grand Champion fleece in the 1998 Sonora Wool & Mohair Show.

FLS6-1382- When Hayden Haby & Jesse Lockhart saw this buck as a yearling, they called him the "perfect buck". He has correct horns, thick body, and a fine ringlet long stapled fleece with kid hair. He is a son of 404 and has already produced many excellent kids. He sired the buck kid that Laura Speck won champion buck with at four major shows in 1999.

FLS6-1390- Out of South African 76, this 1/2 TX buck combines size with a fine dense fleece. His dam, FLS4-646 is a stud doe that won champion doe at major shows as a kid, yearling, and aged doe.

HABY-LOCKHART-ROSS-SPECK GOAT CONSIGNMENTS

LOT #	GOAT ID	SEX	SIRE	DAM	SELLER	BREED	SALE PRICE
-------	---------	-----	------	-----	--------	-------	------------

1	BL 2119	D	HLRS 89	BL 1451	Lockhart	1/2 TX	
---	---------	---	---------	---------	----------	--------	--

This doe is the finest goat we have to offer. A soft eared super fine pencil ringlet doe that stands well on her feet. She will shear kid hair and shows a mohair tail. She is half South African. Her dam is sired by BL 940 known for his offspring exhibiting his correct body structure.

2	JBR 9914	D	HLRS 29	JBR 9343	Ross	1/2TX	
---	----------	---	---------	----------	------	-------	--

This big, thick doe has a high body score and she carries a fine fleece with a mohair tail. Four bucks by #29 have regularly done very well at the performance test.

3	H-13	D	FLS 762	H 3769	Haby		
---	------	---	---------	--------	------	--	--

This doe has the size fineness and uniformity to go into a stud flock.

4	FLS9-2209	D	FLS4-607	FLS0-164	Speck	TX	
---	-----------	---	----------	----------	-------	----	--

This doe is big with a beautiful, long stapled, fine, ringlet fleece and a mohair tail. This showy doe would have been on our kid's show string in years past. Her dam is a daughter of FLS8 "43". Her full brother, FLS6-1334 is one of our stud bucks.

5	BL 2120	D	BL 1973	BL1189	Lockhart	TX	
---	---------	---	---------	--------	----------	----	--

A square bodied uniform doe with a nice ringlet. She has a wide chest, is well covered with a good spring to ribs. This eye catcher carries a nice mohair tail. Her mother is a nine-year-old twin sister still producing vigorous kids.

----	------	---	---------	--------	------	--	--

A fine, uniform, dense fleeced range buck with an open face.

49	BL 2113	B	DL 1720	BL 1488	Lockhart	TX	
----	---------	---	---------	---------	----------	----	--

A robust wide-chested grandson of BL 940 with a clean open face. His fleece is not quite as fine as the others but carries good luster and style. He will make a good commercial herd buck.

50	JBR 9966	B	HLRS 60	JBR 9432	Ross	1/2TX	
----	----------	---	---------	----------	------	-------	--

The dam was sired by JBR 8734.

51	HLRS 238	B	HLRS 92	HLRS 50	HLRS	SA	
----	----------	---	---------	---------	------	----	--

This buck has an open face and a uniform fleece with luster and above average lanolin. His sire is out of "04" and is one of our fine fleeced S.A. bucks.

52	FLS9-2172	B	FLS5-866	FLS4-629	Speck	TX	
----	-----------	---	----------	----------	-------	----	--

This buck has a dense, fine, soft fleece. He is big and wide ribbed. Even though we would like to see him walk more correctly, we still consider him a stud prospect. His twin is FLS9-2173, Lot 42.

53	H-29	B	FLS 762	H 3798	Haby		
----	------	---	---------	--------	------	--	--

A range buck with open face and fine uniform fleece.

54	GL 2086	B	GL 1795	BL 1141	Lockhart	TX	
----	---------	---	---------	---------	----------	----	--

A fine light oiled buck with a soft fleece and good staple with a clean face. His sires bloodline traces back to Haby's Cript Stud.

55	JBR 9947	B	JBR 9520	JBR 9644	Ross	3/4TX	
----	----------	---	----------	----------	------	-------	--

This dam was sired by HLRS 28.

56	FLS9-2216	B	FLS6-1382	FLS6-1200	Speck	TX	
----	-----------	---	-----------	-----------	-------	----	--

This bucks very fine, ringlet, dense, uniform fleece combined with excellent conformation makes him very showy. The dam is out of FLS 744. We consider him a potential stud.

57	H-20	B	FLS 762	H 4168	Haby		
----	------	---	---------	--------	------	--	--

Heavy shearing range buck that changes on the front.

58	BL 2155	B	DL 1720	HABY 3648	Lockhart	TX	
----	---------	---	---------	-----------	----------	----	--

This tall stout buck stands correct and travels well with adequate cover. He is clean faced and strong horned. He should make a good commercial herd buck. He is fairly uniform with good luster and adequate staple.

59	JBR 9972	B	HLRS 106	JBR 9546	Ross	1/2TX	
----	----------	---	----------	----------	------	-------	--

This buck is a twin to lot 6. Note his extra staple length and density to go with his size. The dam is by the fine haired Kuebel 1104.

60	FLS9-2341	B	FLS8-1893	FLS7-1787	Speck	3/4 TX	
----	-----------	---	-----------	-----------	-------	--------	--

This well balanced buck has a fine, uniform, ringlet, dense fleece. He is showy with excellent conformation. His sire was champion buck at several major shows in 1999 as a buck kid, and is a son of FLS6-1382.
