HABY-LOCKHART-ROSS-SPECK
ANGORA GOAT
PRODUCTION SALE**

**Saturday
July 13, 2002
1:00 p.m.**

**KERRVILLE, TEXAS
Hill Country Youth Exhibit Center**

**WELCOME TO THE FIFTEENTH
HABY-LOCKHART-ROSS-SPECK
ANGORA GOAT PRODUCTION SALE**

Conducted By Auctioneer Mark Tillman

This years catalog is dedicated to the *Hayden Haby Family, and the Waldemar Kroll Family.*

It is always a pleasure to visit with *Waldemar Kroll* at the summer Angora goat activities. His quiet mannerisms, that pleasant smile and no critical comments of anyone, have helped many of us to be calmer and more understanding of other's points of view. We all were excited when his doe was awarded Champion at one of the larger Texas Goat Futurity shows based on total points scored by 5 judges. Two years ago he sold the highest priced buck at the Performance Test. Mr. Kroll has served on the tests sifting committee and TAGRA's by-law committee. His father, Frank Kroll was a pioneer in the industry. We are glad to see Waldemar's son Erlich helping to carry on the family tradition.

Doris and Hayden Haby have had a great impact on the USA sheep and goat industries. Doris continues to be active in the "Make It With Wool" (and Mohair) contests. Hayden has been a superior teacher, extension agent, breeder, and judge of Angora goats and Rambouillet sheep. Probably no other family has been more supportive of both the MCA and ASI for so many years. Hayden has served as President of the AAGBA and remains as an involved director of the MCA and PMCI. No family has won more combined performance test's British Mohair Spinners Awards, the Hamanaka Mohair Competitions, Sonora Wool & Mohair fleece and bag shows and the major winter Angora Goat shows (Denette and Hayden, Jr.). Hayden is always quick to give thanks to Brooks Sweeten and other pioneer breeders for their input. All of the above accomplishments and service indicate a lifetime of dedication to agriculture and rural communities. But what we appreciate the most is your friendship, and that special love and knack of evaluating mohair and your willingness to share your knowledge. You are truly our senior partner!

We are happy to report that *Charlie Chaney*, a previous catalog honoree had his 90th birthday party earlier this summer. He recently reported that the rains have been the heaviest that he can remember. He has already sold out of billy goats this year. "Having my mohair graded the past few years has definitely made me money."

SHEARING DATES:

Ross Ranch - January 25-26 and February 3, 2002

HLRS Bucks - February 1, 2002

Speck Ranch - February 10-February 15, 2002

Even though we four breeders have similar standards and breeding programs, the animals have been raised in different environments, management and kidding dates. Please make note of these differences and make visual comparisons of individual animals from within that specific herd.

As you have noticed, Hayden and Ben do not have any goats in the sale this year, other than the HLRS bucks. It is their plans to have some yearlings available next year, as they are building up their numbers again, after the cold September rains two years ago. Fred, Hayden and Jess are to be commended on their evaluation and selection of their HLRS matings. Fred does a super job of developing the kids and then in late winter they are brought to Joe David's to be turned out with his goats.

BREEDER'S GUARANTEE - Should any goat be proven to be a non-breeder its first breeding season, please notify the particular breeder. Common sense and fairness by both the seller and buyer should prevail. If the animal has not been neglected, fed excessively, exposed to a disease after the sale, loaned out or sold to another party, etc., the animal may be returned for replacement after agreement by the seller. **No guarantee can be made as to how the goat will cross with your goats.** The goats should be allowed adequate time to adapt to their new location after transportation.

TERMS are cash or check. Should any dispute arise from the taking of bids, the auctioneer's decision will be final.

HEALTH CERTIFICATES - Any potential buyer should check in advance with his state's veterinary health requirements and be prepared to make necessary arrangements. Some bucks and does have already been tested for TB and brucellosis in an effort to make out-of-state transportation quicker and easier. Announcements will be made on sale day.

REFERENCE SIRES

A.B. HOBSON & SONS MARTYRSFORD STUD

76- This buck was sired by K131, the twin to the Martyrsford buck that sold for 110,000 Rand, a world record price. He combines the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

422 - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck is well balanced but not flashy. However, he is a "blue blood" stud, he consistently produces quality kids, both straight South African and "cross".

04- In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation is near perfect. His offspring have fine fleeces.

80 - This buck was also selected by Hobson, Speck, and Haby for the second importation. His sire was a Thorn Park buck purchased at the dispersal sale by A.B. Hobson and Brett Wienand. Haby really likes this big, tall long bodied buck.

JOHN HOBSON THORN PARK ANGORAS

K590 - This buck is still a legend in South Africa. He had great impact on the South African herd and is credited with improving the fineness of their clip. We purchased a number of his offspring at the Thorn Park dispersal sale and were successful in landing four daughters, two granddaughters, and one son in Texas.

205 - Purchased at the Thorn Park Dispersal Sale, this buck was rated highly by John Hobson. He is a big buck with a fine, uniform fleece, showing beautiful style and character. His kids produce heavy, high yielding, fine, uniform fleeces.

HABY-LOCKHART-ROSS-SPECK

HLRS -28 - This buck is bred straight Thorn Park. His sire is 205 and his dam is a true stud doe. This buck combines an excellent body conformation with a fine uniform fleece with style and character. We are pleased with his offspring.

HLRS 29- This son of 76 has a tremendous body capacity and a soft, uniform fleece. He was displayed at the 1996 HLRS sale as one of our top stud prospects born in 1995.

HABY-LOCKHART-ROSS-SPECK-(con't)

HLRS 60- Out of 80 and a "Lockdale" doe imported from South Africa, this buck combines a long stapled fleece with a very correct body conformation. The yearling does on Laura Speck's 1999 Show Circuit were both out of this buck. His two sons at the Sonora Test (JBR) had the longest staple length in 1999.

HLRS 106- Combining a uniform, ringlet fleece with a wide correct body, this buck is also open faced. His sire is 76 and his dam is an imported South African Lockdale doe.

HLRS 153 - This son of 04 combines an excellent conformation with a fine, uniform fleece. His dam is an imported S.A. Thorn Park doe.

HLRS 215 - This is a showy, big, fine buck out of Hobson 04.

HLRS 233 - An open faced, uniform fleeced buck with excellent conformation, this buck produced a high percentage of offspring we were pleased with. His sire is 422. The dam is a Lockdale doe that is truly a stud doe. She produced three stud bucks: HLRS 60, HLRS 106, HLRS 233; all by different sires.

ROSS RANCH SIRES:

JBR 8734 - This buck is straight bred Ross breeding for at least two generations. He has good size, stands well on all four feet, has correct horns and has a fancy, uniform fleece. We would have liked for him to have more oil in his fleece.

K 957 - He is a Kuebel buck that indexed in the top 10 at the 1989 Performance test. His sire is K 814, one of the finest haired bucks in the state. K814 was sired by Early 2 of GLS breeding. We purchased K 957 because he was uniform with a curl, has good horns and is free of kemp.

JBR 9504 - This large buck had great thickness and a beautiful high yielding fleece with fineness, uniformity style and open face. He was sired by SA 205 and out of a Ross-Kuebel (K - 957) bred doe.

JBR 9620- 1/2 TX - He was selected by Mac Gilliat and Fred Speck as one of our top two 1996 studs. His sire is the 118 Wienand who carried a very fine, uniform fleece and held up well in our pastures. 9620's open face dam was a large thrifty doe who raised kids 7 years in a row.

JBR 9735 - He has a terrific body and mohair tail like his sire SA 04. We will show several of his daughters this summer. He indexed in the top 10 at the 1998 Performance Test. We brought him home to breed because he was taller and finer than his sire. His dam is a medium sized Ross-Kuebel doe (10 years old now and she has raised a kid or twins every year) she was by the great fine haired Kuebel 814.

ROSS RANCH SIRES, con't:

JBR 9759 - Sired by SA 422 and out of JBR 9119, a Ross-Kuebel doe (K - 957). She was the finest haired doe on the ranch and produced several keepers. This medium sized buck is thrifty, open faced, has a straight mohair tail, is uniform and he has correct wide legs with a great spring of ribs. We are keeping a son that looks good at this year's performance test.

JBR 9804 - A large, open faced, high yielding buck sired by SA 76. He has a super straight mohair tail to balance out his thickness and wide correct hindquarter. His dam is a Ross bred doe.

FLS 1516 - We purchased this medium size son of FLS 607 in 1998 because Mike Hobson favored 607 - a son of the great sire FLS 404. He is open-faced and walks wide and straight. We are keeping one of his grandson's from this year's performance test.

FLS9-2062 - Out of Hobson 422, this is an open faced, upstanding alert buck with a fine uniform fleece and excellent conformation. His mother is a fine fleeced doe sired by FLS2-404.

SPECK RANCH SIRES:

H-584 "Superfine" - This legendary Haby stud, along with H-787 "Son of Champ", has provided the foundation of our herd. Both bloodlines have produced champions for Speck Angoras at all major shows in 1990 through 1999.

FLS2-404 - This buck breeds true and has produced super kids. He has excellent conformation with a wide spring of ribs, wide hindquarters, straight back legs, and strong typical horns. He carries a fine, ringlet yearling grade fleece and is uniform from neck to breech. His sire is 4P-210, grand sire is FLS8-43, and great-grand sire is H-787.

FLS1-249 - This is one of the finest fleeced, most uniform bucks we have. His sire is FLS9-68 and his dam, FLS9-76, is a daughter of "Superfine". In 1994 he was the first place Aged Buck at the Kerrville, San Antonio, and Houston Jr. Stock Shows.

FLS4-607 - This son of 404 was Mike Hobson's top choice of our stud prospects in 1995. He has a fine uniform ringlet fleece and breeds true. Several of his doe kids were on our show string. Mike was impressed with his wide body conformation.

FLS4-744 - This buck's sire was a Schmidt buck 3344. His dam was a very fine fleeced daughter of Haby 787. He is an alert, upstanding, uniform fine fleeced buck.

FLS6-1334 - Out of 607 and grandson of 404, this buck has the distinct fine ringlet lock style that "43" had. He is an upstanding proud vigorous buck that has done well on the show circuit. His fleece placed as Grand Champion fleece in the 1998 Sonora Wool & Mohair Show.

SPECK RANCH SIRES, con't:

FLS6-1382- When Hayden Haby & Jesse Lockhart saw this buck as a yearling, they called him the "perfect buck". He has correct horns, thick body, and a fine ringlet long stapled fleece with kid hair. He is a son of 404 and has already produced many excellent kids. He sired the buck kid that Laura Speck won champion buck with at four major shows in 1999.

FLS6-1390- Out of South African 76, this 1/2 TX buck combines size with a fine dense fleece. His dam, FLS4-646 is a stud doe that won champion doe at major shows as a kid, yearling, and aged doe.

FLS7-1524- This buck's sire was HLRS 12. He has excellent conformation and a uniform, fine fleece. He is 1/2 TX.

FLS7-1593- Out of HLRS 422, this 1/2 TX buck is long bodied, big, and has a dense ringlet fleece.

FLS7-1723- This fancy thick bodied buck has a dense, fine, fleece. He is 1/2 Texan, his sire is HLRS 80. His dam is a 404 daughter.

FLS8-1810- A son of 1382, this buck carries a fine ringlet kid flece and has produced many excellent kids in his first breeding season. His mother is out of 249 and was on the show circuit. She won the Grand Champion Goat of Show in Kerrville in 1997.

FLS8-1875- Out of FLS6-1390, this 3/4 TX buck consistently produced kids with very long staple. He was on our show string and the Grafes purchased 1/2 interest in him. He produced excellent show kids for them. He unfortunately died.

FLS9-2224- A son of FLS6-1382, this is a showy, big, extremely fine fleeced uniform ringlet haired buck.

**FOR FURTHER INFORMATION ABOUT THE REFERENCE SIRES OR

----	----------	----------	----------	-------	-------

This medium sized buck has large testicles, a trimmed foretop and his fleece carries extra lanolin. The mother is by SA 04. Her body, teat, tail and uniformity scores were #1.

YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
46	HLRS-506	HLRS-215	99-278	100% SA	_____

This buck has a fine fleece. Foretop trimmed. Scrotum split 1/3. His mother was sired by 422 who is the sire of stud buck 233 HLRS.

47	FLS1-2756	HLRS-106	FLS5-857	50%TX	_____
----	-----------	----------	----------	-------	-------

A well proportioned buck with an extreme amount of long stapled hair with uniformity and fineness.

48	JBR-0125	HLRS-60	JBR-9822	25%TX	_____
----	----------	---------	----------	-------	-------

One-Half Interest sells to a breeder who lives within 200 miles of the Sonora area. We breed for late March-April kids. This is without a doubt the fanciest yearling that we have raised out of HLRS 60. Since he died this past year due to a hunter's accident, we want to keep an interest in this well-made, high yielding, open face buck. His mother was sired by the large HLRS 29 (son of 76).

49	HLRS-534	HLRS-60	97-149	100%SA	_____
----	----------	---------	--------	--------	-------

His fleece is uniform with a good handle. The dam was sired by 205. Both sires were thick-bodied.

50	FLS1-2761	FLS6-1334	FLS5-966	100%TX	_____
----	-----------	-----------	----------	--------	-------

He is showy with a mohair tail. He has a fine, uniform fleece and good body conformation. His mother is a granddaughter of Haby Superfine.

YEARLING BUCKS

51	JBR-0123	JBR-9804	JBR-9617	50% TX	_____

He is open faced with a high yielding fleece. His fine haired mother is by the imported SA 118.

52	HLRS-524	HLRS-215	91-081	100%SA	_____
----	----------	----------	--------	--------	-------

This good sized buck has a very uniform, soft, high yielding, stylish fleece. Notice his 10 year old mother is one of our top imported producers.

53	FLS1-2818	FLS6-1334	FLS9-2137	100%TX	_____
----	-----------	-----------	-----------	--------	-------

This is an open faced, vigorous, big bodied goat with lots of fine mohair. His dam is a 404 granddaughter.

54	JBR-0122	HLRS-60	JBR-9782	25 %TX	_____
----	----------	---------	----------	--------	-------

Here is a buck for some nannies who are lighter shearing. This meaty type buck is very dense with extra staple length and style. Forehead trimmed. His body and hock scores are #1.

55	HLRS-473	HLRS-233	96-93	100%SA	_____
----	----------	----------	-------	--------	-------

This big open channel buck will work great on commercial does. He walks wide. His dam was sired by 04 and goes back to 205 for fineness.

YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
56	FLS1-2742	FLS6-1382	FLS7-1573	75% TX	_____

We considered keeping this son of FLS6-1382. His mother is a fine haired doe out of SA60 and was on our show string. This is a well balanced goat. He combines density, fineness, and body conformation.

57	JBR-0184	HLRS 60	JBR9863	25%TX	_____
----	----------	---------	---------	-------	-------

A medium sized buck with density and bred for fineness. His mother is by HLRS 25 (who was fine and very uniform through the neck). She has a #1 score in body, hocks, and teats.

58	HLRS-486	HLRS-153	97-146	100%SA	_____
----	----------	----------	--------	--------	-------

Here is another big open channel commercial buck. The mother was sired by the big HLRS 29 (son of 76).

59	FLS1-2867	FLS6-1382	FLS6-1358	100%TX	_____
----	-----------	-----------	-----------	--------	-------

This uniform showy buck is a grandson of FLS4-744.

60	JBR-0112	JBR-9804	JBR-9637	50%TX	_____
----	----------	----------	----------	-------	-------

He is big and fancy like his sire with a straight mohair tail and long staple length. The dam is sired by SA 422.

YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
61	FLS1-2884	HLRS-60	FLS9-2273	37.5%TX	_____

This upstanding showy buck has a very fine, soft, uniform fleece and a mohair tail. He has one of the most uniform fleeces of our goats from the South African line.

62	JBR-0176	FLS 1516	JBR-9505	100%TX	_____
----	----------	----------	----------	--------	-------

This good sized buck is alert, open faced and carries extra lanolin. His large mother raised a buck for last year's sale that was one of our top sellers.

63	FLS1-2849	FLS2-404	FLS8-1912	100%TX	_____
----	-----------	----------	-----------	--------	-------

He is the last son of FLS2-404 that will be sold through our sale. Haby considered him to be a potential stud. He is a proud & upstanding buck.

64	JBR-0179	FLS 1516	JBR-9614	75%TX	_____
----	----------	----------	----------	-------	-------

Here is a large commercial type buck that is bred to be fine on both sides of his pedigree. He has an open channel face covering and his fleece has extra lanolin. His dam is by HLRS-12, who was fine, high yielding and 0.0% kemp level.

65	FLS1-2957	FLS8-1810	FLS9-2095	100%TX	_____
----	-----------	-----------	-----------	--------	-------

This very fine, uniform, dense goat displays a style of hair we like. His dam is out of FLS6-1382.

YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
66	JBR-0178	JBR-9504	JBR-9549	75% TX	_____

This specific-need buck, with show potential, is our largest fine-haired yearling. His hooves will need trimming. His mother was sired by JBR-9356 who was the finest haired buck the South African researchers saw in Texas during their 1994 visit.

67	FLS1-2908	FLS6-1382	FLS6-1221	100% TX	_____
----	-----------	-----------	-----------	---------	-------

This buck displays excellent style and character of his lock which is uniform, long stapled, and fine. His dam is out of a Pember buck.

68	JBR-0182	JBR-9735	JBR-9801	50%TX	_____
----	----------	----------	----------	-------	-------

A young "sleeper" in the sale. It is hard for a May kid born and raised in the pasture and out of a young doe to ever catch-up. He has large testicles and is thrifty. Foretop trimmed. His mother is by HLRS 76, which relates to extra size; plus she is out of 0-108 JBR (livability) who has raised a kid (usually twins) every year up to 11 years.

69	FLS1-2881	FLS6-1334	FLS8-1863	75% TX	_____
----	-----------	-----------	-----------	--------	-------

A well balanced buck with excellent breed character and a nice fleece. The dam is out of HLRS 422 and FLS2-403. (404's sister)

70	FLS1-2878	FLS6-1382	FLS6-1278	75%TX	_____
----	-----------	-----------	-----------	-------	-------

This showy buck has the lock style and character we like. His fleece is long stapled and fine.

YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
71	FLS1-2958	FLS6-1390	FLS5-970	75% TX	_____

This buck is uniform, dense, and fine. He has a great fleece. He is a FLS1-249 grandson.

72	FLS1-2890	FLS9-2224	FLS7-1651	75% TX	_____
----	-----------	-----------	-----------	--------	-------

This long stapled buck has lots of hair. The dam is out of HLRS 422.

73	FLS1-2981	FLS9-2224	FLS8-1948	75%TX	_____
----	-----------	-----------	-----------	-------	-------

He carries a level rump like that of his grandfather HLRS 422. He has a dense fleece and is showy with his mohair tail.

74	FLS1-2905	FLS8-1810	FLS5-861	100%TX	_____
----	-----------	-----------	----------	--------	-------

We like the combination of wide body and dense, fine fleece.

75	FLS1-2885	FLS8-1810	FLS3-532	100%TX	_____
----	-----------	-----------	----------	--------	-------

This long stapled goat has one of the finest fleeces we are offering today. His body is well proportioned. The dam is out of a Pember buck.
