1:00 p.m.
Kerrville, Texas

Hill Country Youth Exhibit Center

WELCOME TO

The Twentieth Anniversary Joint
Haby-Lockhart-Ross-Speck
Angora Goat Production Sale

Conducted By Auctioneer
Mark Tillman
TX Lic. No. 9642

This Year's Catalog on our 20th Anniversary
is Dedicated to
The Balch Family, Mac Gilliat
Pam & Cal Hengst, Sue & Jene Nissen

The Balch Family

Jerry Don and Mary Adele Balch began their ranching operation in 1968 when they returned to Sutton County to join Mary Adele's family in the ranching business. Mary Adele is the fourth generation of her family to continue their ranching heritage. Jerry Don and Mary Adele began their commercial Angora goat herd with a small group of nannies they received from Duke Wilson, Mary Adele's father. Duke Wilson was a large commercial Angora goat breeder and always encouraged his daughters to stay involved in the Angora goat business.

The Balches have continued raising commercial Angora goats for over 40 years and maintained a large herd throughout the ups and downs of the market. Their two daughters Anita Hudson and Anna Johnson and their families are now part of the ranching operation. Anita and Keith Hudson have two sons, John Duke and Word. Anna and Brady Johnson have two children, Mary Kyle and Wilson.

The Balches are a modest, outgoing, hardworking family that has really been involved with youth, business and civic activities around Sonora. John Duke, an eleventh grader, is well known for his golfing skills. Word, in the eighth grade, is a hard hitting football and baseball player and has already won some rodeo trophy saddles. Both have been active in 4-H with show goats. You have seen their seven and five year old cousin's photo in the Ranch Magazine in the goat shearing pen and they like to help Jerry Don haul the Angora kids to the fields in the big truck so they can honk-honk the horn. Mary Kyle is now fine tuning her musical interest by taking piano lessons.

The family is quick to acknowledge Preston Farris of Sonora for his extra help with their breeding program. Jerry Don says that their Angora goats have made more dollars over the years than their meat goats. Those of us at HLRS and all of us in the mohair industry are certainly glad that the Balch family has continued with Mr. Wilson's advice — stay with the Angora goats!

Mac Gilliat

No one will disagree Mac Gilliat is a special person. He is what "extension" and helping others is all about. Even though he has retired as the Real County agent, Mac still has not slowed down. He is still ranching; still judging goat shows in Canada, Australia and all over the United States; still helping to evaluate and score the Angora Bucks at the Performance Test; still serving on the MCA; still serving as the superintendent or assistant for over 20 years at the Kerrville, San Antonio and San Angelo Livestock Fairs - frequently with both breeding sheep and Angoras.

What you may not know is that Mac is quite a horse man also having grown up on his family ranch in Kendall county. The folks around Leakey say he is one of the shrewdest bridge players (not card shark) in the area!

We want to thank Mac Gilliat for being involved with our HLRS sale as ringman for the 20 straight years and for helping each one of us over the years to select and cull our goats. He is a true friend, teacher, goat judge who calls it like he sees it, livestockman and an active player in our Angora goat industry.

The Meador Family

The Meador family carried all of their household goods in a covered wagon to Schleicher County in October of 1900. Since then, the family has continued to ranch in Schleicher County raising cattle and Angora goats. Pam Meador Hengst continues to run the operations of the ranch after the death of Tom Meador in September of 1986, with the help of Cal Hengst and Dr. Gil Engdahl. The ranch continues the breeding of Angora goats. Pam and Cal have been volume buyers at every one of our HLRS sales. Cecil Meador and his son Tom would be proud to know that Pam and Cal have continued producing mohair in carrying on the Meador ranching tradition.

Sue Ann and Jene Nissen

Sue Ann and Jene Nissen of Marshall, North Carolina have traveled the most miles to purchase HLRS goats from all four of our herds. But more important are their years of being the “glue”, and inspiration, to help keep the Southeastern Angora goat industry viable in conjunction with fiber craft and niche marketing. Hand spinners and Northeast spinners could always depend upon Sue Ann to supply them with graded and clean mohair. They have always been willing to work with new and experienced breeders. Sue Ann even learned how to shear her own goats and works with the various breeds of guard dogs. Jene taught others how to keep electric fences hot.

Their first major purchase of Angora goats was some bred does from Jess and Sally Lockhart in 1991. In 1992, they attended their first HLR sale. Sue Ann has been very supportive in showing their goats at the Southeast Animal Fiber Fair in Ashville and the Virginia Angora Goat Show. Daughters Erin and Holly have traveled to Texas also and have been helpful with the goats, show horses and dogs. For health reasons the Nissens have sold most of their goats this past year except for a few older goats. We thank you again for learning and working so hard to help the Angora goat industry.

BREEDER'S GUARANTEE - Should any goat be proven to be a non-breeder its first breeding season, please notify the particular breeder. Common sense and fairness by both the seller and buyer should prevail. If the animal has not been neglected, fed excessively, exposed to a disease after the sale, loaned out, or sold to another party, etc., the animal may be returned for replacement after agreement by the seller. No guarantee can be made as to how the goat will cross with your goats. The goats should be allowed adequate time to adapt to their new location after transportation.

TERMS are cash or check. Should any dispute arise from the taking of bids, the auctioneer's decision will be final.

HEALTH CERTIFICATES - Any potential buyer should check in advance with his state's veterinary health requirements and be prepared to make necessary arrangements.

REFERENCE SIRE

A.B. Hobson & Sons Martysford Stud

76 - This buck was sired by K131, the twin to the Martysford buck that sold for 110,000 Rand, a world record price. He combines the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

422 - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck is well balanced but not flashy. However, he is a "blue blood" stud, he consistently produces quality kids, both straight South African and "cross".

04 - In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation is near perfect. His offspring have fine fleeces.

80 - This buck was also selected by Hobson, Speck, and Haby for the second importation. His sire was a Thorn Park buck purchased at the dispersal sale by A.B. Hobson and Brett Wienand. Haby really likes this big, tall, long bodied buck.

Haby, Lockhart, Ross, Speck

HLRS 60 - Out of 80 and a "Lockdale" doe imported from South Africa, this buck combines a long stapled fleece with a very correct body conformation. The yearling does on Laura Speck's 1999 Show Circuit were both out of this buck. His two sons at the Sonora Test had the longest staple length in 1999.

HLRS 606 - This buck has an excellent body conformation with a thick spring of ribs, level rump, and he walks wide. He also carries a uniform, ringlet, yearling fleece. He is out of HLRS 153 (an 04 son) and a Thornpark stud doe #81.

Lockhart Ranch Sire

GL 2271 - This buck has a very correct square body and a dense, uniform, ringlet fleece. His sire is HLRS 60. His dam is out of a 100% Texas bred Lockhart doe that goes back to "Bill" and HLRS 36, a son of Hobson 76 (great body).

The four bucks we have to offer have been out in the rain and pasture until recently. They were shorn in late March.

Ross Ranch Sires & Comments:

Our kidding starts about the third week of March thru early May. Most of us in the registered goat business make notes about our individual animals. Listed below are some of the codes that we use in our records. For those who want this info, some are reflected on our individual lots in this catalog. We "bag" out all of our does each year (even the commercial ones) since the udder teat structure plays a very important role in % kid crop raised in the pasture. Likewise, we place a strong emphasis on scrotal size, evenness & skin/mohair cover for fertility. Staple length is measured on the side, rump & britch.

#1 = excellent	#2 = good	#3 = average	#4 = poor
SSK = Super, Super Kid		B = overall body	
SK = Super Kid		SIZE = big, good, med, small	
FK = Fine Kid		HN = horns – diameter & spacing	
KID = low kid		teeth = teeth	
AK = average kid from adult		FT = foretop – 1 = real open face /distinct mohair look	
FYG = finer you goat/yr		HK = width & freedom of cow hock	
YG = regular, low yr		Ribs = spring of ribs	
FA = fine adult		HT = heart, chest width	
CHAR = character of mohair		CMT = Crooked mohair tail	
Length = measure side, back, britch		RAT = slick, rat tail	

K	= kemp	SMT	= straight, mohair tail
Y	= yield - #2 prefer some lanolin	Sct	= scrotum size & inches split
Un	= uniformity	Toes	= toes
		Ud	= udder/small teat
		WW	= walks wide

JBR 9946 (75% TX) – He was in the top 10 PT index in 2000. His offspring have continued to perform well including the highest indexing buck in 2003. He is a big open faced, thick buck with a quality fleece. His sire was FLS 1516 (by FLS 607 by 404) . 9946's mother was sired by HLRS 28.

JBR 0152 – Is rich in South African breeding. His open faced mother, sired by Hobson 04 and out of a Ross doe, had the most beautiful uniform, “pencil” ringlet that I have ever seen. The sire, (show potential, was well covered) was a P.T buck by HLRS 60 and out of a Ross doe by HLRS 28.

JBR 0160 (50% TX) – A great combination of a definite open face, near perfect horns, quality mohair, size, and body structure. Fred & Ed Holland really liked him as a yearling. He was sired by JBR 9804 and his dam was sired by HLRS 25.

BL 2226 (100% TX) – This Lockhart buck was purchased by Clayton Crider in our 2001 sale. He was Reserve Champion buck at TAGRA in 2005 at 5 years of age. He still has a uniform kid hair fleece, a large full scrotum, an open channel face cover, and he walks wide. He was sired by FLS 1810 and is out of a Lockhart doe that goes back to a line bred doe by their fine haired “Bill”. We have several young does and a show buck that we are breeding.

JBR 0408 (68% TX) – We kept this top 10 indexing 2005 PT buck because he combined a great body with fineness, style and character and a definite open face. He was sired by JBR 0243 out of a top doe JBR 9946. We have kept a son of his that placed in the top at Kerrville.

JBR 0243 (75% TX) – Was a dense, fine, long stapled, uniform medium sized buck that had an open face and great body and leg structure. He was out of a fancy Flach doe and sired by JBR 9759 who was a son of the imported 422. Unfortunately, we lost him in a 2004 flood.

JBR 0458 (75% TX) – Is a billy we are using that was sired by JBR 9759 and out of a Ross/Speck doe. His traits are similar to JBR 0243 and was shown by Franklin Buchholz.

JBR 0347 (87.5% TX) – Is a high quality P.T son of JBR 9946. His fancy dam is by FLS 1516 which makes 0347 a double bred 1516. We lost his service due to a cactus thorn infection.

BS 1670 – We bought this Bettie Sansom buck at the 2005 TAGRA sale because of his size, fineness and uniformity from front to rear. But even more important he is 100% TX with older, separate blood lines. Robert Ross Buchholz, showed a doe kid to 12th in the big class at Kerrville which is good for our latter kidding dates.

N – 117 – Dusty and Lacy Naumann of Spicewood with their parents have made great strides with their breeding program. This buck was Grand Champion at the 2005 TAGRA show & sale judged by Roy Sanders. N 117 is sired by Speck 1912. He is still one of the finest bucks on the ranch, and has been an “easy –keeper” in the pasture with no drenching.

Shearing Dates

Lockhart – late March 07

Ross – Jan 26 unless Feb 20

Speck – Jan 19-20

Even though we breeders have similar standards and breeding programs, the animals have been raised in different environments, management and kidding dates. Please make notes of these differences and make visual comparisons of individual animals from within that specific herd.

Speck Ranch Sires:

H-584 - “Superfine” - This legendary Haby stud, along with H-787 “Son of Champ”, has provided the foundation of our herd. Both bloodlines have produced champions for Speck Angoras at all major shows in 1990 through 1999.

FLS2-404 - This buck bred true and produced super kids. He had excellent conformation with a wide spring of ribs, wide hindquarters, straight back legs, and strong typical horns. He carried a fine, ringlet yearling grade fleece and was uniform from neck to breech. His sire is 4P-210, grand sire is FLS8-43, and great-grand sire is H-787.

FLS1-249 - This was one of the finest fleeced, most uniform bucks we had. His sire is FLS9-68 and his dam, FLS9-76, is a daughter of “Superfine”. In 1994 he was the first place Aged Buck at the Kerrville, San Antonio, and Houston Jr. Stock Shows.

FLS6-1382 - When Hayden Haby & Jesse Lockhart saw this buck as a yearling, they called him the “perfect buck”. He has correct horns, thick body, and a fine ringlet long stapled fleece with kid hair. He is a son of 404 and has produced many excellent kids.

FLS7-1593 - Out of HLRS 422, this 1/2 TX buck is long bodied, big, and has a dense ringlet fleece.

FLS8-1810 - A son of 1382, this buck still carries a fine ringlet kid fleece and has produced many excellent kids. He is one of our top producers. His mother is out of 249 and was on the show circuit. She won the Grand Champion Goat of Show in Kerrville in 1997.

FLS8-1893 - This is a big robust son of 1382 that won Champion Buck as a kid at four major shows in Laura’s last year of showing. He has excellent body conformation and a fine uniform fleece

FLS9-2062 - Out of Hobson 422, this is an open faced, upstanding alert buck with a fine uniform fleece and excellent conformation. His mother is a fine fleeced doe sired by FLS2-404.

FLS9-2224 - A son of FLS6-1382, this is a showy, big, extremely fine fleeced, uniform ringlet haired buck.

FLS0-2350 - This is a fine-haired, showy buck, 100% Texan, and is a full brother to FLS8-1810. He also produces good kids.

FLS0-2392 - A son of 1810, this uniform-fleeced buck’s dam is out of FLS1-249.

FLS0-2593 - This 1810 son is 100% Texas bred and has produced excellent kids. He has a super-fine, ringlet fleece.

FLS0-2624 - This buck is 50% South African out of HLRS 28. He has an excellent conformation with thick spring of ribs and a square hip. His fleece is ringlet, fine and uniform. The dam is 404 bloodline.

FLS0-2671 - This is a son of 404 with an excellent conformation. He is wide-bodied, level rumped, walks wide, and is showy with a mohair tail. He produces excellent offspring. He is 75% Texan and carries a fine fleece. We credit his body conformation to both his South African grandfather (Hobson-04) and FLS2-404.

FLS0-2763 - This son of FLS8-1810 is upstanding, robust, and carries a fine fleece. In 2004 we kept two of his offspring as stud bucks.

FLS1-2844 - A full brother to FLS8-1810 and FLS0-2350, this son of 1382 is also a consistent producer of excellent offspring.

FLS1-2898 - A son of FLS9-2224, this is our largest stud buck with an excellent thick body and ringlet uniform kid fleece. I own 1/2 interest in this buck with the Earwood family. His body can be attributed to his 1/2 S.A. mother out of HLRS-422. He produces excellent kids.

FLS2-3136 - This showy buck combines a beautiful fleece with an excellent body conformation. He is a son of FLS0-2593. He is 100% Texan.

FLS2-3206 - This son of FLS8-1810 is 100% Texan and has a very fine fleece.

FLS2-3214 - This showy buck has a wide spring of rib and a beautiful ringlet fleece. He is 75% Texan out of FLS0-2593.

FLS3-3407 - This 100% Texas bred buck is out of FLS1-2763. He is a large buck with an open face and a fine fleece.

FLS3-3505 - This son of FLS1-2898 has produced great kids. He is big, robust, open faced, and has a ringlet, kid fleece. We kept two yearling bucks this year that he sired.

FLS4-3724 - A son of FLS2-3214, this is a fancy, fine fleeced buck.

FLS4-3866 - This son of FLS0-2350 has a dense, very long stapled, uniform kid fleece.

This large thick bodied doe with an open face has a dense, uniform, soft kid fleece.							
19	FLS6 4539	Doe	FLS9 2224	FLS3 3406	Speck	100% TX	_____
An open faced doe with a long body and level rump, she has a long stapled fleece that will shear lots of hair. Her mother is out of FLS0-2593.							
20	FLS6 4652	Doe	FLS2 3206	FLS4 3897	Speck	93.75% TX	_____
This open faced doe has a thick spring of rib and a dense, fine fleece. Her mother is a 2224 daughter.							
21	FLS6 4588	Doe	FLS1 2763	FLS8 2057	Speck	75% TX	_____
With mohair on her ears, she shows a long stapled ringlet fleece with luster and has a thick spring of ribs. Her mother produced our stud buck FLS02-3214. Her sister is lot 4.							
22	FLS6 4424	Doe	FLS9 2224	FLS6 1218	Speck	75% TX	_____
This level rumped, long bodied doe has a uniform, dense fleece. Her mother is out of HLRS-422.							
23	FLS6 4636	Doe	HLRS 2-606	FLS3 3423	Speck	50% TX	_____
We like this doe's excellent body conformation. She also has a very dense, uniform, soft, long stapled fleece that will shear lots of hair. Her mother is out of FLS9-2224.							
24	FLS6 4585	Doe	FLS2 3136	FLS4 668	Speck	100% TX	_____
We like her fleece . It shows extremely long staple and is a dense, luxuriously soft kid fleece. She injured one horn as a kid. She is medium sized with a level rump and a thick spring of rib. She has the right breeding. Her mother, FLS4-668, has produced three keeper stud bucks and several stud does.							
25	FLS6 4557	Doe	FLS1 2763	FLS3 3516	Speck	87.5% TX	_____
Fancy with a mohair tail, she has a thick spring of rib and a long stapled fleece that will shear lots of hair. Her mother is a 1382 granddaughter.							

YEARLING DOES & YEARLING BUCKS

Lot#	GOAT ID	SEX	SIRE	DAM	SELLER	BREED	PRICE
26	FLS6 4582	Doe	FLS3 3505	FLS3 3685	Speck	81.25% TX	_____
This medium sized doe is fancy with a mohair tail. She has a long body and a soft, long stapled, yearling fleece.							
27	FLS6 4493	Doe	FLS2 3214	FLS0 2415	Speck	75% TX	_____
This smaller doe is fancy with a mohair tail and a thick spring of rib. She has a very soft, long stapled, kid fleece.							
28	FLS6 4572	Buck	FLS2 3136	FLS1 2897	Speck	100% TX	_____
This big long bodied, showy buck has a mohair tail. He carries a very uniform, long stapled, ringlet, kid fleece. His mother is out of FLS9-2224. His brother FLS5-4141 was purchased by Grafe family at our last sale and performed well for them at the major shows.							
29	JBR 0641	Buck	JBR 0458	JBR 9704	Ross	88% TX	_____
Shorn 02-20-07. One of grandson Dalton Buchholz's show bucks that placed in the top 10 at this year's Kerrville billy kid class. The big 10 year old dam has another kid this year and scores Ud 1, FT 1, char 1.6. She is by a big Hipsher buck that was a TAGRA reserve champion. See Ross Ranch sires for explanation of trait scores.							
30	GL 6616	Buck	GL 2271	DL 1789	Lockhart	75% TX	_____
A densely fleeced well covered buck with nice luster and adequate oil. Good long body and stands correct.							
31	FLS6 4486	Buck	FLS1 2763	FLS2 3084	Speck	93.75% TX	_____
We consider this fancy buck to be stud potential and almost kept him. He is big with a thick spring of rib, fancy with a mohair tail and has a fine, ringlet fleece. His mother is a 1382 granddaughter and his brother is Lot # 48.							
32	JBR 0605	Buck	N 117	JBR 0005	Ross	75% TX	_____
He is well covered and carries a soft fleece. SMT, Sct #1, Un 1.4, WW. His 7 year old dam still grades a fine YG fleece and scores Ud #1. Her sire was HLRS 60 who is the grand sire of 2 other JBR bucks in the sale.							
33	GL 6605	Buck	GL 2271	GL 4413	Lockhart	75% TX	_____
Really nice fleece with adequate cover. Dense and good stapled ringlet fleece with a good feel. Nice body on this buck.

34	FLS6 4482	Buck	FLS3 3505	FLS2 3342	Speck	87.5% TX	_____
This big, fancy buck has a mohair tail and mohair on his ears. He has a dense, ringlet, kid fleece. His mother is out of FLS0-2350. Haby likes this buck.							
35	JBR 0639	Buck	JBR 0160	JBR 9990	Ross	62% TX	_____
A specific need buck that should help put the body and pounds of stylish mohair on his kids for the multi-trait MCA goat futurity. He scores a dense, grey FYG fleece with a FT 2, HN 1, HT 1, SMT Sct 1 and WW. His large mother is by the fine haired JBR 9759. She scores B1, Ud 1, YG and raises a kid every year							
36	GL 6624	Buck	GL 2271	GL 4407	Lockhart	62.5% TX	_____
This late June buck has a uniform fleece with nice ringlet and soft feel. A good body structure that is covered with mohair and chinned up well.							
37	FLS6 4483	Buck	FLS1 2763	FLS1 2977	Speck	87.5% TX	_____
We almost kept this big fancy buck with his fine ringlet kid fleece. He has an open face. His mother is out of 1593. He is brother to Lot 40.							
38	JBR 027	Buck	JBR 226		Ross	100% TX	_____
No papers. Look at his kid hair fineness with Un 1.4, SMT, B 1, HN 1, and Sct 1.							
39	GL 6615	Buck	GL 2271	GL 3115	Lockhart	62.5% TX	_____
Very fine with a very nice ringlet uniform fleece and great style and character. Good open faced buck with a mohair tail and nice feeling fleece.							
40	FLS6 4484	Buck	FLS1 2763	FLS1 2977	Speck	87.5% TX	_____
We love the fine, ringlet, kid fleece on this medium sized buck we almost kept as a stud. He is long bodied and fancy with a mohair tail and mohair on his ears. He is a brother to Lot# 37.							
41	HLRS 6-808	Buck	HLRS 5-692	HLRS 418	HLRS	100% SA	_____
Look at his size, body, horns, scrotum and style and character with a FYG type lock. We have been pleased with the selected infusion of our South African bloodlines. More HLRS bucks are for sale at Fred's.							
42	FLS6 4500	Buck	FLS2 3136	FLS2 3069	Speck	87.5% TX	_____
We like his fine ringlet fleece with excellent luster. He has a level top, walks straight and is fancy with his mohair tail.
