Angora Goat Production Sale

Conducted By Auctioneer

TX Lic. No. 16026

HLRS wants to thank our family members who help with the sale and its preparation and other friends who have been so helpful over the years.

This Year's Catalog on our 25th Anniversary is Dedicated to:

Jack and Waldean have made numerous contributions of their time, talents and extra efforts to help make a difference for our goat and sheep industry. Jack, who grew up in the Water Valley area, graduated from Texas A & M in 1949. His career began with the Veterans AG Program in Fredericksburg. From there he was the county agent for 3 years at Bandera. The next 25 plus years were spent as the Texas sheep and goat specialist. Six years were spent at the Blackwell Warehouse in Kerrville (Rancher's Wool & Mohair Warehouse now) as the chief mohair grader for Forte -- as much as 3-4 million pounds in a year.

Jack and Waldean Groff

Previous 'retirements' did not slow Jack down. He and Waldean continued to operate the McDougall ranch at Harper with their sons Fred and Kyle. Not many 'goat herders' have been involved in so many activities within our industry. But the story does not stop there. Goats from their flock were in the Performance Test. Jack developed a goat order -buying service; graded mohair in Canada and continued to judge and workshop Angoras all over the USA and Canada. He took time to be an officer and president of the Mohair Council. TAGRA recognized his services. To top it all off, the TSGRA presented Jack the prestigious Fred Earwood Memorial Award. There is not much doubt that Jack Groff has been the healthiest, 'youngest' 87 year old supporter in our trade. However, we have one more request to add to Jack's resume so that he can stay in shape. Some of us need a shearer for some goats that we find after the crew has left.

The family's legacy has been equally balanced with the dedication of Waldean McDougall Groff. Waldean was raised on the ranch at Harper and graduated from Fredericksburg High. Serving as a Miss Mohair duchess was just the start of years of promoting our natural fibers. As Doris Haby says, "ASI members still ask about Waldean because she was so active in the National Wool Growers, "Make it with Wool and Mohair" and served as the national president of the Women's Auxiliary. She was appreciated also as the 'peacemaker of personalities' with those across – state line politics. "Woman of the Year" award was presented to Waldean." Back in Texas, Waldean is remembered as a great fund raiser for the state auxiliary and commentator for many of the TSGRA's style shows. She is a charter member of the Hill County Cattlewoman Association and served as a Director on the Upper Guadalupe River Authority. But with great humility Waldean is most excited that the Hill Country Chapter of the TSGRA Auxiliary Scholarship Fund started years ago has continued to grow and to help others!

All of us appreciate and have benefitted from the Groff's extended years of participation in the goat and sheep industry. A sincere thanks to Jack, Waldean and their family!

REFERENCE SIREs

A.B. HOBSON & SONS MARTYSFORD STUD

76 - This buck was sired by K131, the twin to the Martysford buck that sold for 110,000 Rand, a world record price. He combines the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

422 - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck is well balanced but not flashy. However, he is a "blue blood" stud, he consistently produces quality kids, both straight South African and "cross".

04 - In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation is near perfect. His offspring have fine fleeces.

80 - This buck was also selected by Hobson, Speck, and Haby for the second importation. His sire was a Thorn Park buck purchased at the dispersal sale by A.B. Hobson and Brett Wienand. Haby really likes this big, tall long bodied buck.

HABY, LOCKHART, ROSS, SPECK

HLRS 60 - Out of 80 and a "Lockdale" doe imported from South Africa, this buck combines a long stapled fleece with a very correct body conformation. The yearling does on Laura Speck's 1999 Show Circuit were both out of this buck. His two sons at the Sonora Test had the longest staple length in 1999.

HLRS 606 - This buck has an excellent body conformation with a thick spring of ribs, level rump, and he walks wide. He also carries a uniform ringlet, yearling fleece. He is out of HLRS 153 (an 04 son) and a Thornpark stud doe #81.

HLRS-5-734 - A son of HLRS 606, this is a thick bodied fancy buck with a uniform fine fleece. He is one of the best SA bucks we have raised. His mother is out of HLRS 233 (out of HLRS 422 and the stud Lockdale doe, 93-101.)

HLRS-5-735 - A full brother to HLRS-5-734, he has a very fine kid fleece.

HLRS-7-821 - This buck is sired by HLRS -3-644(grandson of HLRS 60). He has excellent body conformation and a uniform fleece.

Ross Ranch Comments

Our kidding starts about the third week of March thru early May. Most of us in the registered goat business make notes about our individual animals. Listed below are some of the codes that we use in our records. For those who want this info, some are reflected on our individual lots in this catalog. We "bag" out all of our does each year (even the commercial ones) since the udder teat structure plays a very important role in % kid crop raised in the pasture. Likewise, we place a strong emphasis on scrotal size, evenness & skin/mohair cover for fertility. Staple length is measured on the side, rump & britch.
