Angora Goat Production Sale

of Fine-Haired Angora Goats

Offering Registered Texas & Registered South African Angora Goats

*Congratulations
Baylee!*

Baylee Plumley

and her Grand Champion Buck at the San Angelo Show in 2022.

The buck was purchased at the Speck barn sale 9/25/2021. This was after 42 bucks were sold at the HLRS sale in July and 41 bucks sold at the Speck barn. He was a small buck not placed in the HLRS sale because of his size. He is structurally built like a tank and covered with a dense, fine, ringlet kid fleece. Baylee took excellent care of him, he grew and is now a stud buck.

Conducted By Auctioneer Preston Faris

HLRS wants to thank our family members who help with the sale and its preparation and other friends who have been so helpful over the years.

History of the Haby-Lockhart-Ross-Speck Angora Goat Production Sale

1994 Catalogue Cover

The first annual **HABY-LOCKHART-ROSS** sale was held in 1988. It was the brainchild of Hayden Haby, Jesse Lockhart and Joe David Ross to have a production sale composed of fine haired quality angora goats. The sale was an exciting event and a huge success.

At the sixth joint sale in 1993 Pat Jackson and the Speck family were guest consignors. In 1994 at the seventh sale the Speck family was a guest consignor. For the eighth annual joint sale the Speck family was invited to join the sale permanently and since that time it has been the **HABY-LOCKHART-ROSS-SPECK Joint Production Sale**.

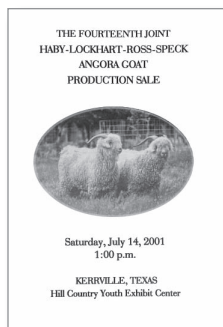

In 1994, the Haby-Lockhart-Ross-Speck partnership imported goats from South Africa for the first time since a foot and mouth restriction was put on South Africa in 1928. Another import was done in 1996. Restrictions returned and only embryos were allowed by Australia (not U.S.). Joe David and Fred had two more imports in 2009 and 2010 of embryo goats from South Africa, born in Australia, then imported here. At this time, due to disease restrictions, no live goats or embryos are allowed for import from South Africa. The first HLRS sale to offer South African goats was in 1997 at the 10th annual sale. The South African goats have been incorporated into our herds to offer thick body conformation, long staple length of fleece, and freedom from kemp.

The first sales were held at Junction, Texas. For several years, a workshop was presented the day before the sale. The events included scorecard evaluations of goats and grading mohair. A number of goats were present to highlight desirable and undesirable traits and grade each goat. Extensive hands on demonstrations on how to sort and grade mohair were given. Jesse, Hayden and Joe David all contributed to the workshops.

All of the sales have been supported with the hard work of Doris Haby, Sally Lockhart, Frances Ross, Linda Speck and their children and grandchildren. Also helping over the years were/are Steve Nelson, Eddie Holland, Kent Mills, Richard Mejia, Preston Faris, and Woody Coston.

Beginning in 2001 at the fourteenth Annual Sale, **dedications** were made each year to individuals for their contributions to the Angora goat industry. Joe David and David Lee Ross did the majority of the work writing the dedications. They were thoughtful, comprehensive, and deliberate. Catalog deadlines were a foreign concept to Joe David, fortunately each year it "got done".

See page 3 for a history of sale dedications.
