## This Year's Catalog on our 38<sup>th</sup> Anniversary is Dedicated to **SHARON HOLMAN**

**SHARON HOLMAN** was born in 1959, to Pat (Price) and Charles Ray Pfluger. She and her three sisters were raised on the Bacon ranch on the Edwards Plateau southwest of Rocksprings Texas. Coincidentally it is the same ranch that Doris Haby was raised on some years earlier and joined the ranch Fred Speck grew up on and now owns. Her introduction to the Angora world was on this rough, rocky ranch that was only suitable for the Angoras Charles Ray had developed. Charles Ray was the one of the hardest working ranchers in the industry and managed to purchase and pay for a ranch in the 70's & 80's by hard work, ranching savvy, without inheritance money or oil subsidies. Charles Ray instilled in his daughters a strong work ethic and they were proficient and hard-working ranch hands. The strong German influence in Charles Ray prevented him from hiring outside help, so Sharon and her sisters were the muscle behind the Pfluger ranch daily work schedule.

Sharon took that work ethic with her to Lubbock where she earned a BBA in accounting from Texas Tech University. She took that education and started ranching on the western side of the Edwards plateau, developing a cross section of livestock including cattle and Angoras for starters. Next on her list of accomplishments was the inclusion of first Boer goats and then Dorper and white dorper sheep. She turned these into herds known nationwide for their quality and range hardiness and amassed numerous national champion awards with these goats and sheep. Her drive to succeed includes modern range management practices and wildlife habitat. Sharon is a past winner of the Texas Society of Range Management award in recognition of her management practices.

Currently managing ranches in Edwards, Sutton, and Schleicher counties, she continues to attend schools, seminars, and education events to ensure she is on the cutting edge of new technologies, nutrition and practices.

I think her strongest asset is her leadership ability and vision. She has a calm demeanor, level head, and common sense, and a willingness to roll up her sleeves and do the hard work.

On the National stage she is currently President of the American Dorper Sheep Breeders Society, 1st Vice President of the Texas Sheep and Goat raisers Association (soon to be the President), Secretary of the Mohair Council and past Vice president of the American Boer Goat Association.

At the local level, she is Vice President of the Sutton County Hospital District Board of Directors and a valued long-term member. Edward Earwood currently serves as President and they are proud of the strong financial position of the hospital and the quality of care provided.

Sharon has two children, Marilyn Morrow (Philip) and Mark Holman. She has two grandsons Patrick and Declan, that bring much joy to her life and high hopes that they will learn and carry on the successes in ranching that she has attained.

## REFERENCE SIRES

### **A.B. Hobson & Sons Martysford Stud**

**76** (1991) - This buck was sired by K-131, the twin to the Martysford buck that sold for 110,000 Rand, a world record price. He combined the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

**422** (1991) - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck was well balanced but not flashy. However, he was a "blue blood" stud, he consistently produced quality kids, both straight South African and "cross".

**04** (1993) - In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation was near perfect. His offspring have fine fleeces.
